BRIEF CITY NEWS

Mr. and Mrs. Vall have returned
from the Huachuca.

Hinton & York have purchased the
Dobson Transfer wagons.

A Naco Man—R. V. Daniels, of Naco,
was in Bisbee yesterday on business.

Back From California—James Blair
and wife have returned to Bisbee after
an extended trip to California.

Has Been Ill—George Henshaw, of
Buxton-Smith & Co., has been confined
to his home with an attack of illness.

Have Enough Water—The gymna-
sium will remain open until 10:30 to-
night if the water supply is maintained
as at present.

Delayed the Train—Yesterday the
Douglas train was delayed below Low-
ell, caused by a break in an ore train
on the main line.

Returned From East—Mrs. Fred
Sutter returned last evening from the
East. She was met in El Paso by her
husband, who returned to Bisbee with
her.

May Postpone Building—There is a
report in Naco that the custom house
that is to be built by the Mexican govern-
ment will not be constructed for at
least a year.

Tour the County—Robert Coulter
and George Hall will leave today to
make a visit to several of the towns in
the county in the interests of the
Queen addition to Douglas.

Going to California—E. R. Pirie of
Douglas, who will ask for the nomination
for supervisor on the Democratic
ticket, will leave his home for a short
vacation in California within a few
days.

To Build Road—The Tucson papers
recently announced that the S. P. R.
R. is making arrangements to con-
struct the railroad from Pearce to
Douglas and Naco to connect with the
C. R. Y. & P. Railroad.

Returned From Canada—Dr. Bruce,
of the Bisbee Drug Co., has returned
from his vacation trip to St. Louis and
Toronto, Canada. He reports a very
pleasant outing, and states that Eastern
Canada is very prosperous.

From Las Vegas—Mrs. M. A. Mc-
Kelvey arrived in Douglas yesterday
accompanied by her daughter, from
Las Vegas. Mr. McKelvey is a well
known Sonora mining man and will
make his home in the Smelter City.

Sheriffs Get Together—Sheriff Tom
Turner of Nogales is in Douglas on
official business. There are several
other sheriffs in the smelter city
but it is stated that the meeting of
these representatives of law and order
was purely accidental and had no
significance.

Charged With Assault—J. McIntyre,
J. Lawrence and A. Kennedy were yester-
day morning at the Junction shaft
charged with an assault upon J. J. Ly-
ons, one of the employees of the Junction.
They were brought before
Judge McDonald and plead not guilty.
They will have their trial today.

Judge Neville III—Judge Neville of
Douglas, who for several terms repre-
sented Nebraska in the national con-
gress, and who has been taking active
part in local Democratic politics, has
been ill at his home in North Platte,
Nebr. He is now much better and will
return to Douglas within a few days.

Left for the East—Mr. Brown, who
has for some time been ill at the hos-
pital, left last night for an extended
trip to the east. He handed in his
resignation as manager of the Postal
Telegraph office in this city, but his
resignation was not accepted, and he
may, after regaining his health, return
to Bisbee.

From Pick to Lariat—Bob Johnson,
one of the old time Sulphur Spring
cowboys, who for some time has been
employed by the Copper Queen, leaves
today for Sharer's ranch, in the Sulphur
Spring valley, to go back to his
old business of punching cattle. The
recent rains have made such an im-
provement in the range that Bob
couldn't resist the temptation to get
out in the open again.

Mrs. Tom Wright has moved to
Lowell.

A. J. Munkers has moved to the Tom
Tate neighborhood.

J. W. Stonehouse is in the city from
Douglas on business.

F. F. McCann, the tailor, has return-
ed from San Francisco.

Mrs. Emma Warner leaves Saturday
for San Jose, California.

F. V. Johnson and mother will leave
for San Diego next Wednesday.

Attorney Returns—Judge McGowan
returned last night to Bisbee from
Tombstone.

Visited Douglas—Mrs. J. S. Wil-
liams, of the Lowell Hotel, visited
Douglas yesterday.

An Improvement—The Orient has re-
cently been greatly improved by the
addition of a wood and glass screen
across the front of the saloon.

A Pretty Picture—A painting on a
mirror in the Auditorium saloon is at-
tracting considerable attention. It
was executed by a local artist.

W. J. Stevens, representing the
Provident Building & Loan Association
of Los Angeles, is in the city in the
interest of his company.

Let the Contract—Yesterday Dr.
Caven let the contract to C. B. Wood
& Co. to erect the addition to the C.
& A. hospital on the Naco road.

Accepted Position—Mrs. Frank
Johnson has accepted the position in
the wrapping department of the Cop-
per Queen store recently vacated by
Miss Carrie Cole.

Near Completion—Caples, Power &
O'Connor are rapidly completing the
railroad grade to the Pittsburg and
Calumet shaft. When completed this
road will enable the company to de-
liver all the machinery and supplies
directly at the works.

Will Lead the Band—At a meeting
of the Copper Queen band last even-
ing, Frank Weinstein was elected its
leader. The selection is a good one,
as Mr. Weinstein is a most capable mu-
sician. He has composed a number of
popular pieces, among them the "City
of Bisbee," "Battery O" and "Empire
State" marches.

Road Opened—The subway contrac-
tors are leveling the road at the lower
end of the flume by taking away the
big pile of dirt and filling in the mud
hole that for several days has been a
great nuisance to the public that is
obliged to use this highway.

The temporary road on the plaza in
front of the general offices has been
closed, and the road over the top of
the flume opened for general use.

He Pawned the Auto—The officers
are on the lookout for a man named
Stubbs, initials unknown, who is want-
ed in Tucson on the charge of pawn-
ing an automobile which did not be-
long to him. Wm. A. Neal, of the old
Pueblo, is the complaining witness,
and he alleges that he loaned Stubbs
the use of the automobile, and that
Stubbs took the machine to Nogales
and there borrowed money on it, put-
ting the machine up as security. Af-
ter the machine was located at No-
gales and the owner went down and
erred it. A warrant for the arrest of
Stubbs was sworn out.

Water Company Has Ordered New Pump

A NEW WELL WILL BE SUNK FOR
ARTESIAN WATER.

The Bisbee-Naco Water Co. has just
ordered a new pump from the Pres-
cott Pump Co., which will have a ca-
pacity of nearly half a million gal-
lons each twenty-four hours. As soon
as it arrives and is installed, it will
take the place of the present big
Worthington pump, which will be used
as an auxiliary. The latter is too
big for the work at present, and it
will not be operated except as an oc-
casional substitute, until such time as
the increased demand for water de-
mands its working.

Another improvement in the water
plant which is being effected is the
installation of a new boiler, while an-
other of 175 horse-power has been or-
dered and is under way.
Just as soon as possible a new well
will be drilled at least 1000 feet deep.
A complete drilling outfit has been or-
dered by the company, and as soon as
it is on the ground it will be put in
the one they they were using
last month belonged to the railroad
company and as the E. P. & S. W. had
use for it, they removed it after it
had put down a hole about fifty feet.

Purchased Residence—L. M. Mur-
ray has purchased the Jollie resi-
dence, near the Mason Opera House.

John Verfuth, the expressman, is
laid up at his home with a severe at-
tack of neuralgia.

Carload of Cattle—The train from
Benson last night brought a carload
of fine beef cattle from Benson to Don
Luis.

Another Downpour—Rev. Harvey M.
Shields returned last night from Ben-
son. He reports a very hard rain
storm near Fairbank.

Ed Hall, the well known carpenter,
is confined to his bed with typhoid fe-
ver, and his condition is serious. Dr.
Collins is in attendance.

Charles Strong returned last even-
ing from Tombstone.

"Miss Cloudcroft"—The Lackawanna
Railroad company has its "Sue
White," the Missouri, Kansas &
Texas, its "Katy," and now the El
Paso & Northwestern has introduced
"Miss Cloudcroft" to personify their
announcements. Of the three, Miss
Cloudcroft seems the most euphon-
ious and serves a double purpose of
pleasingly introducing the company's
announcements as well as advertising
the famous southwestern resort.
